### Winter - 2019

Thank you for your prayers and support without which we would not be able to be about to have all the opportunities we are given to share the Good News of our Wonderful -----Savior's Gift available to all who will receive it.

God has been very good to us during our period in the States having meetings. We have had good health for which we praise the Lord as there has been flu all around us.

As we travel, we emphasize the need for missions and missionaries. Recently we received a huge encouragement that through the simplicity of opening our home in Haiti to pastors to experience foreign missions firsthand that it had changed a family for life. The pastor father came back to his ministry in the States with a zeal for missions which had been lacking before. It influenced his young family. We recently were in the church of that pastor father's pastor son and the son had invited us to share missions. So in front of our eyes we witnessed three generations who were showing the impact of missions received in our humble home in Haiti from God. Proving that we will never know until we reach heaven what impact has been made for the Lord by just being faithful every day for the Lord.

God always gives us opportunities to share the gospel. We have had many divine appointments in sowing the seed. We continue to seek opportunities to keep in contact with the ones God has unmistakably placed in our path. At the present, there are two precious couples in particular who show no indication of understanding they are sinners and need a Saviour. On our part, time, prayers, patience and trusting the Holy Spirit to do His convicting work is needed. Please pray they will see Christ in us and desire Him before it is too late.

Our younger daughter and her family continue to have severe health needs. Thank you for your prayers on their behalf. We also have many unspoken prayer requests. Thank you again for your prayers.

**THE HORTONS ARE COMMITTED TO SERVING THE LORD JESUS CHRIST.**

Dr. and Mrs. Horton have faithfully served as international church planters for over 50 years. Now they are raising awareness for the need of church planters in the Far North.
