

Reaching every *Nation*  
One *Ship* at a time.

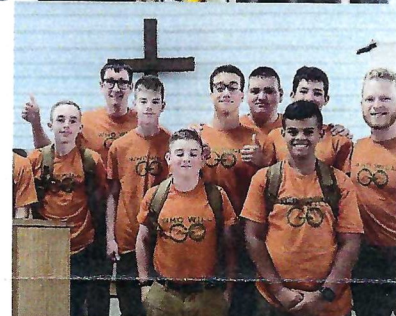

**MISSIONS CAMP** This month began with two and a half weeks of the “Who Will Go Missions Camps” in Roanoke, AL. We had an amazing time training young people on the basics of cultural adaptation, first aid, safety and scene assessment, survival skills, and map studies all topped off by the wonderful food, sweet fellowship, spirit filled singing and powerful preaching. Sabina loved playing with all the other children and has nearly perfected her walking skills! On that note, Haylee did a wonderful job teaching the ladies on the important subject of walking with God. On Friday, each team went on a “mission trip” where they had to practice everything they had learned. One of the stops was to the local middle eastern “market” we had set up in the gymnasium. When they entered the market, they were bombarded by the nationals trying to sell their wares, the sound of cultural music, distant gunfire, the muslim call to prayer, and the occasional pickpockets and kidnapers. Each team had to buy a list of items from the market that they would need for the day. Things like, ramen, sardines, pots, tuna, and even a live chicken! Haylee and I were Muslims running a small shop. Before the teams could buy anything from us, we motioned in broken English for them to sit down and enjoy a cup of Turkish coffee and talk. Many did a great job witnessing to us, others... well, not so much. And a few we had arrested for illegal missionary work. It was a wonderful time! We highly recommend this camp to anyone who is interested in world missions! [whowillgo.org](http://whowillgo.org)

**Pakistan** It is 96.5% Muslim. Islam is the official religion of Pakistan as enshrined by Article 2 of their Constitution. You may not hold any important position in Pakistan unless you are a Muslim. But God is working! I am hearing many stories of Pakistanis forsaking Islam and turning to Christ. Many pastors of false religions are learning the Bible through the internet and trusting in the finished work of Christ! This month, God gave me a special opportunity to explain the Gospel message in detail to a Pakistani seafarer named **Shahroz**. Please pray for his salvation!

**The Dali** is officially in Norfolk for repair! I have already been contacted and asked to help the crew once they get situated. Please pray!

**Countries Impacted** Russia, Ukraine, India, Sri Lanka, Pakistan, China, Philippines, Bangladesh, Lithuania, Romania...
