Dear Partners in Ministry,

Happening now- Melanoma is a very aggressive form of skin cancer. It can be fatal in a very short time. We must apologize for not letting you know sooner, but David has melanoma for the second time in four years, and the necessity for quick action has occupied much of our time. Today is the day for a procedure to remove the melanoma. We are asking that you **pray that the doctors have been able to remove all of the melanoma and that we will be able to return to a normal schedule soon.** As the Lord allows, there should be only a minimal disruption in the ministry side of things.

Please pray about these needs- We are still asking the Lord to tenderize the hearts of the men who have attended our church. Thus far, one man has responded and is allowing me (David) to disciple him, but others are refusing the Gospel. Also, please pray for the quick completion of our prophets' chamber on the church property. When we move into a room there, the money we currently pay for rent can be used for ministry.

*Thank You for Your Prayers and Support,
David and Angie Harper*

Serving in Missions since 1998
