Family Update

We are back in the mission field last October 2. We were not able to write this newsletter last month as we hit the ground running and 3 storms consecutively hit our area 3 days after we arrived.

We want to thank and praise the Lord for you being a blessing and a help to me and Pam while we were in the US for almost 6 months.

We are really excited to be

Typhoon Kristine

As the typhoon season rages here, "Kristine" was the most devastating with impacts across 17 regions. Approximately 7.1 million people were affected causing widespread displacement with 935,114 individuals residing either in evacuation centers or taking shelter outside of them with their relatives or friends. Several of those are our own missionaries and pastors. One in particular is Pastor Jim Dolom in Oas, Albay with his 6-month old pregnant wife and 5 year old daughter. We have to flew them out immediately back with us as his wife is getting sick until the waters subside and we can travel together by land back to bring relief goods

and help our brethren in that region. Please do pray and we would ask some help to raise \$25 per family food pack for 250 church-families in that region.

Gospel Expansion Conference & 18th Church Anniversary

We have been busy planning, praying, and preparing to host about 200 local pastors and missionaries nationwide to be with us on Nov. 21-22 and some until Nov 24 for our church anniversary. Pray that they will be accommodated, fed, and helped spiritually through the preachings and sessions and financially for their transportation and love gifts. Pray with us that we can be a great encouragement to all these men of God especially as most of them had been severely affected by the storms that hit the Philippines in the last 2 months. Wedding /Singapore Church Plant/ New Local Church Plant

Two days after we flew in from the US, Pam and I were blessed to see two of our young people who are faithful ministry workers be married as i officiate the wedding. A miracle indeed to see that Marlon being effeminate when young after we won him to the Lord has grown strong and faithful and now a godly husband and truly another testimony of how the Gospel changes lives. Also, It was a joy to have our missionary Ronnel and Eca back from Singapore to attend the wedding as they grew up together in Sunday School and in church with Marlon and Shanny. The next day inspite of the raging storm, Pam and I again drove to the north to start a Home Bible study with the Lagao family who we have reached via church livestream. We are praying that the Lord will lead us to plant a church in their town in Pampanga.

back here to where God called us and be with our two sons, the church family, our ministries and people.

As we have reported to our sending church and home church with our mission board's approval, we are thankful and blessed now to be adopted by Victory Baptist Church, Benton Arkansas as our sending church led by Pastor Brandon Graham. We thank the Lord for Pastor Earl Wilcher who went home to be with the Lord in 2022 of Carpenter's House Baptist Church, OH and Dr. Don Anderson now an evangelist and the former pastor of Sunlight Baptist Church pastored now but Pastor Jeremy Anderson for still being our ministry partners.

Together, do continue to pray for us as the Lord has broaden our ministry opportunities to plant churches and bring the Gospel not just to the Philippines but to other countries. Do pray as well as we join with Victory Baptist Church to print and publish KJV Bibles supporting many local and foreign Filipino missionaries through Make A Way Publications Ministry from their local church.

We also continue to pray for America at this time, please also remember us here in this part of the world that the geo-political atmosphere and policies will enable us to do more for the Gospel of Jesus Christ!

We love you all!

Until our next update.

God Bless You!

Mezzanine Update

We are praying to have the additional side mezzanines completely done before the Gospel Expansion Conference. While we are still continuing to finish it, it is a blessing already to the orchestra and media to have finally moved and use the new space for them allowing us to have more seats at the auditorium for more people to worship and heart the Gospel!

180 Professions of Faith

In the last 4 weeks of being back, we praise the Lord for the total of over 180 professions of faith as I preach in the funeral of one of our faithful members, the 7th Anniversary and Missions Conference at CHBC Bulacan and the Evangelistic Sunday at BBC Tayabas City. Pray for us as we travel almost every week to other places helping pastors and preaching to churches where we can be a blessing and a help.

PWD Ministry / TASK FORCE TAGALIGTAS

Task Force TAGALIGTAS ministry with Signal63 Ministry has given 43 BRVs with Bibles and I have witnessed to those 43 officers with 13 professions of faith. I thank Officer Bill Graham of Baton Rouge, LA for the partnership. We pray that a close-friend and former Congresswoman Sol Aragones will be the next governor of our province. She has been a blessing to many pastors and their members who are senior citizens and disabled by giving me all the assistive devices and maintenance medicines for the elders. Pray for her safety and God's favor as I minister to her both spiritual and her security safety protection.

Baby Grand Piano / Children's Facility

We are still praying and trusting the Lord that the \$60,000 cost including the furnishings and air-conditioning will be able to be answered and that we can start the Children's facility that can also be used as multi-function for pastor's dorms during conferences and our Christian school auditorium for chapel services.

We thank you for those that helped us purchase a baby grand piano for the church auditorium. Truly it is a blessing as Pam and I sang as I was first to play the piano in the first service since we came back for the special number before I preached. It is such a joy to see that our pianists are all overwhelmed and the church sings much excited and thankful in our worship songs!
