Dear Praying Friends and Supporters,

The bottom of the barrel is not a bad place to be because there is only one way to go from there, UP! We recently asked you to pray about several things and the Lord has answered in a great way. We have had overwhelming peace the last two months because we know you are concerned and praying. Several churches and individuals were in contact with us. They assured us that they and God were with us and looking forward to what we would accomplish. We have had some familiar visitors, we are sure you understand that, and some new ones.

The biggest change and blessing is that a lady's husband that we have been praying to come has been coming now for over a month every Sunday. He is Italian and Catholic, but God is able. We have seen him under conviction now for the past two Sundays. Please pray for him and his wife. Another blessing is a preacher and his wife that moved into the area have been coming faithfully every Sunday. They have expressed their interest and satisfaction with the church and its direction. They have not joined yet but maybe very soon.

We have a couple in the church that have been hit and miss. Teddy has had sessions with them for marital and community situations. Recently, after the message and during altar call, they made a commitment to fully follow the Lord. Please pray for this couple to be faithful to the Lord.

The Family front is doing well. We recently passed around some kind of chest cold that Teddy brought home from helping someone in the community. Thank the Lord that it came to pass!! Thank you for your faithfulness where the Lord has planted you. Press on, Praise on, Pray on, and Preach on!!!!
