

# REACHING QUEBEC

Sharing the good news of Jesus Christ in Quebec City, Canada

## Family News

Our family recently went through about two months of sickness on and off. Our youngest child, Analee was hospitalized for 5 days due to a bacterial infection in her blood, bladder and kidneys. We praise God for his healing and protection. The older two kids were in the states for camp at the time, so it made coordinating the hospital runs with one child much simpler. God is good!

Though these times of testing aren't pleasant, they cause us to draw nearer to Him and have opened up more opportunities to testify to others of His great care and love.

Please continue to pray for our housing situation that has not yet been settled.

## Church News

It was a great joy to baptize **Natasha this summer!** She is a single mom who has been coming to church with her son for over a year. We have been doing personal Bible studies with her and helping her understand biblical salvation. She has shown a constant desire to grow in the Lord and to witness to others, especially her family members.

## EBVC Building project- Moving forward!

We are praising God for His what He has done for EBVC! As of August 29, the zoning change for the property has been approved! Thank you for praying for this important step. The meeting in June with the community went well, and the community counsel voted to give their approval to the city for the proposed zoning change. The results of the meeting were also published in the local newspaper, so we have received some free publicity as well. In fact, I mentioned our church as I was witnessing to the clerk in a local department store, and he asked if it was the one in the newspaper recently.

The proposal, prepared by the zoning department, was to add the zoning for religious use to the existing commercial use, making the property zoned for both.

This permits us to use the property and be exempt from the property tax while maintaining the possibility of commercial use if the property is ever sold. To our great surprise, the proposal presented at the meeting also included adding the same zoning change to the vacant lot adjacent to the property we are buying. If we are able to purchase this lot in the future it will already be zoned for our use!

Our plans are to finalize the purchase in October. God has provided generously through many of you to give our church a permanent home, and we are so grateful to Him and to you! To date we have \$90,000 available for the purchase of the property. The church is able to pay a mortgage for the remainder if necessary, but our prayer of course is that we can pay in cash the \$240,000 for the property. There are also renovations inside and out that need to be done as the Lord provides the funds. Our trust is in the Lord who is "able to do exceeding abundantly above all that we ask or think!" Our prayer is that He will guide you in contributing towards this project for His glory.

God is preparing a place for EBVC, and He is preparing us as a church for this new place of ministry. Pray that the Holy Spirit would unite us as a church family throughout this new endeavor and that we would remain sensitive to His guidance in each step. Continue to pray for the souls in our city that are bound in sin; and that we may, through the power of the Gospel of Jesus Christ, bring them hope, deliverance, and new life!
